

Letter of Invitation

Invitation letter

Dear Group member,

My name is Gill Benn and I am a third year BSc (Hons) in Occupational Therapy student at the University of Cumbria. As part of my final year, I am investigating how Chronic Fatigue Syndrome/Myalgic Encephalomyelitis affects a person's daily living activities, such as self-care, leisure and productivity. The aim of the study is to identify how people manage their condition on a day to day basis, and which strategies are most effective in enabling people to manage the condition so that they are able to have a good quality of life.

Thank you for considering participating in this research project. Before you make a decision as to whether you would like to take part, it is important that you fully understand why the research study is being conducted and what your role would involve. Please read the attached Participant Information sheet for further information.

If there is any that is not clear, or you would like more information, please contact me on the following email address s1515030@uni.cumbria.ac.uk.

Please note that you do not have to take part in this study. If you do decide to take part, then you will be required to sign a consent form, however you can withdraw from the study at any time without giving a reason.

Thank you for taking the time to consider your involvement in this study.

Yours faithfully,

Gill Benn

3rd year Occupational Therapy Student

University of Cumbria
